

State

```
graph BT; SC[State_Camera_Check] --> S[State];
```

A diagram illustrating a relationship between two states. At the top is a white rectangular box labeled "State". Below it is a gray rectangular box labeled "State_Camera_Check". A blue arrow points vertically from the top of the "State_Camera_Check" box to the bottom of the "State" box, indicating that "State_Camera_Check" inherits from or is a specialization of "State".

State_Camera_Check
